INDEPENDENT AUDITORS' REPORT

Board of Trustees Grossmont-Cuyamaca Community College District El Cajon, California

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of the Grossmont-Cuyamaca Community College District (District) as of and for the year ended June 30, 2017, which comprise the District's basic financial statements as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes an evaluation of the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluation the overall presentation of the financial statements.

Opinion

In our opinion, the financial statements listed in the aforementioned table of contents present fairly, in all material respects, the financial position of the Grossmont-Cuyamaca Community College District as of June 30, 2017, and the results of its operations, changes in its net position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Audit Standards* and should be read in conjunction with this report in considering the results of our audit. That report appears within this annual report.

Management's Discussion and Analysis (MD&A) on pages 3 through 8 is not a required part of the financial statements but is supplemental information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion of it.

Our audit was conducted for the purpose of forming an opinion on the District's basic financial statements. The accompanying supplementary information listed in the table of contents, including the Schedule of Expenditures of Federal Awards, which is required by the Code of Federal Regulations, Chapter 2, Part 200, is presented for purposes of additional analysis and is not a required part of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GROSSMONT-CUYAMACA COMMUNITY COLLEGE DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS

The Grossmont-Cuyamaca Community College District (District) consists of two separately accredited colleges, Cuyamaca and Grossmont, supported by a District Office. The District serves approximately 27,000 students per semester. Full-Time Equivalent Student (FTES) for 2016-17 was 19,085.

The following discussion and analysis provides an overview of the financial position and activities of the Grossmont-Cuyamaca Community College District for the fiscal year ended June 30, 2017. Please read it in conjunction with the financial statements and notes thereto which follow this section. Responsibility for the completeness and accuracy of this information rests with the District management.

FINANCIAL HIGHLIGHT

• Net position increased by \$22.1 million or 50% from the prior year. The increase is primarily attributable to an increase in capital expenditures and the change in deferred outflows and inflows of resources related to GASB Statement No. 68, Accounting and Financial Reporting of Pension Liabilities.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District was required to implement the reporting standards of Governmental Accounting Standards Board (GASB) Statement No. 34, as amended by GASB Statement No. 35 on July 1, 2002. This adoption changed the format and the content of the District's basic financial statements. The District is following the Business Type Activity (BTA) model. Rather than issuing fund-type financial statements, these Statements require the following components to be included in the District's financial statements:

- Management's Discussion and Analysis
- Basic financial statements including Statements of Net Position, Statements of Revenues, Expenses, and Changes
 in Net Position, and Statements of Cash Flows for the District as a whole
- Notes to financial statements

Additionally, fund balance is referred to as Net Position, and the Statements of Cash Flows are presented using the direct method.

The basic financial statements are designed to provide readers with a broad overview of the District's finances, using accounting methods similar to those used by private sector companies. These statements offer short-term and long-term financial information about the District's activities.

Statement of Net Position

The Statement of Net Position presents the Assets, Liabilities, and Net Position of the district as of the end of the fiscal year using the accrual basis of accounting, which is comparable to that used by most private-sector institutions Net Position—the difference between assets and liabilities—are one way to measure the financial health of the district. The net asset data allows readers to determine the resources available to continue the operations of the district.

The Net Position of the district consists of three major categories:

- 1. Invested in capital assets, net of related debt The district's equity in property, plant, and equipment.
- 2. Restricted Net Position (distinguished between major categories of restriction.) The constraints placed on the use of the assets are externally imposed by creditors such as through debt covenants, grantors, contributors, or laws or regulations of other governments or imposed through constitutional provisions or enabling legislation.
- 3. Unrestricted Net Position The district can use them for any lawful purpose. Although unrestricted, the district's governing board may place internal restrictions on this Net Position, but it retains the power to change, remove, or modify those restrictions.

The Statements of Net Position as of June 30, 2017 and 2016 are summarized below:

		Governmental Activities					
	2017 2016			Net Change			
ASSETS							
Current assets	\$	133,887,124	\$	123,241,771	\$	10,645,353	
Non-current assets		336,764,807		321,543,429		15,221,378	
Total Assets		470,651,931		444,785,200		25,866,731	
DEFERRED OUTFLOWS OF RESOURCES		26,148,172		13,569,745		12,578,427	
LIABILITIES							
Current liabilities		36,564,283		32,116,118		4,448,165	
Non-current liabilities		384,520,148		367,093,740		17,426,408	
Total Liabilities		421,084,431		399,209,858		21,874,573	
DEFERRED INFLOWS OF RESOURCES		9,442,292		15,027,670		(5,585,378)	
NET POSITION							
Net investment in capital assets		131,999,434		100,448,054		31,551,380	
Restricted		23,646,116		27,782,032		(4,135,916)	
Unrestricted		(89,372,170)		(84,112,669)		(5,259,501)	
Total Net Position	\$	66,273,380	\$	44,117,417	\$	22,155,963	

Statement of Net Position (continued)

The District's total assets increased by \$25.8 million or 5.8% from the previous year. The increase was based on increases to capital assets and current assets. Total liabilities increased by \$21.8 million or 5.5% from the previous year. Deferred outflows and inflows of resources netted an increase of \$18.1 million.

Statement of Revenues, Expenses and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the operating results of the District. The purpose of the statement is to present the revenues received by the district, both operating and non-operating, and the expenses paid by the district, operating and non-operating, and any other revenues, expenses, gains and losses received or spent by the district. State general apportionment funds, while budgeted for operations, are considered non-operating revenues according to generally accepted accounting principles.

Changes in total Net Position on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses, and Changes in Net Position. Operating revenues are received for providing goods and services to the various customers and constituencies of the district. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the district.

The Statements of Revenues, Expenses and Changes in Net Position for the fiscal years ended June 30, 2017 and 2016 are summarized below:

	Governmental Activities						
		2017		2016		Net Change	
Operating activities						_	
Total operating revenue	\$	82,291,147	\$	71,582,789	\$	10,708,358	
Total operating expenses		195,859,101		297,897,232		(102,038,131)	
Deficit before depreciation and nonoperating							
income and expenses		(113,567,954)		(226,314,443)		112,746,489	
Depreciation							
Depreciation expense		9,150,784		8,914,406		236,378	
Deficit before nonoperating income and expense		(122,718,738)		(235,228,849)		112,510,111	
Nonoperating income and expense							
Nonoperating income and expense, net		144,874,701		254,422,885		(109,548,184)	
Change in Net Position	\$	22,155,963	\$	19,194,036	\$	2,961,927	

The Statement of Revenues, Expenses, and Changes in Net Position reflect a positive year with an increase in the Net Position at the end of the year. The cost of operations decreased by \$112.7 million due to the recording of funds from escrow to pay down bond obligation. Although the statement shows an operating loss of \$122.7 million.

Statement of Cash Flows

The Statement of Cash Flows provides additional information about the district's financial results by reporting its major sources and uses of cash. This information assists readers in assessing the district's ability to generate revenue, meet its obligations as they come due, and evaluate its need for external financing. The statement is divided into several parts. The first part deals with operating cash flows and shows the net cash used by the operating activities of the institution. The second section reflects cash flows from non-capital financing activities and shows the sources and uses of those funds. The third section deals with cash flows from capital and related financing activities. This section deals with cash flows from investing activities. This section reflects the cash received and spent for short-term investments and any interest paid or received on those investments.

Changes in Cash Flow	 Governmental Activities					
	 2017	2016	Net Change			
Net cash provided(used) by:						
Operating activities	\$ (113,567,954) \$	(230,850,656) \$	117,282,702			
Non-capital financing activities	148,083,598	116,214,800	31,868,798			
Capital and related financing activities	(24,968,852)	98,686,527	(123,655,379)			
Investment activities	349,590	3,517,352	(3,167,762)			
Net increase in cash	 9,896,382	(12,431,977)	22,328,359			
Cash - beginning of the year	114,281,013	126,712,990	(12,431,977)			
Cash - end of the year	\$ 124,177,395 \$	114,281,013 \$	9,896,382			

District's Fiduciary Responsibility

The District is the trustee, or fiduciary, for certain amounts held on behalf of students, clubs and donors for student loans and scholarships. The District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. These activities are excluded from the District's other financial statements because we cannot use these assets to finance operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Capital Assets

As of June 30, 2017, the District had approximately \$33 million invested in capital assets. Capital assets consist of land and land improvements, buildings and building improvements, construction in progress, vehicles, data processing equipment, other equipment, and GASB 62 capitalized interest adjustment that met the capitalization threshold recommended by GASB Statement No. 35. These assets have accumulated depreciation of \$98.3 million, leaving a net asset amount of \$336.8 million.

Note 5 to the financial statements provides detail information on capital assets. A summary of capital assets and changes therein is presented below:

	Governmental Activities					
	2017			2016		Net Change
Land	\$	1,818,942	\$	1,818,942	\$	-
Construction in progress		26,138,236		16,780,336		9,357,900
Site improvements		71,394,339		71,394,339		-
Buildings		325,628,922		310,570,856		15,058,066
Furniture and equipment		10,085,494		10,129,298		(43,804)
Accumulated depreciation		(98,301,126)		(89,150,342)		(9,150,784)
Total Capital Assets	\$	336,764,807	\$	321,543,429	\$	15,221,378

Total net capital assets increased by \$15.2 million or 4.7% from the previous year as a result of completed buildings.

Long-term Debt

Note 6 to the financial statements provide additional information on long-term liabilities. A summary of long-term debt as of 2017 and 2016 is presented below:

	Governmental Activities						
	2017			2016		Net Change	
Bonds payable	\$	280,568,318	\$	281,973,421	\$	(1,405,103)	
Compensated absences		2,636,069		2,467,031		169,038	
Other post-employment benefits		6,850,014		5,027,071		1,822,943	
Supplemental employee retirement plan		-		672,007		(672,007)	
Pension liability		106,073,333		87,534,961		18,538,372	
Less: current portion of long-term debt		(11,607,586)		(10,580,751)		(1,026,835)	
Total Long-term Liabilities	\$	384,520,148	\$	367,093,740	\$	17,426,408	

Economic Factors That May Affect the Future

The major economic factors that impact the District and all California Community College Districts' financial condition are directly related to the overall economic, budgetary, and fiscal condition of the State of California and any legislation that impacts the funding of all community colleges in the state. According to an Annual Outlook Report released by the Legislative Analyst's Office (LAO) the state budget is perceived to be better prepared to address an economic downturn than it has ever been in decades. In addition, the LAO projects that the state's economic growth will continue through FY 2019-20. The state projected growth is assumed to generate significant annual operating surpluses and budget reserves. However, the LAO report cautions the Legislature about the fundamental trade-off between the benefits of new commitments now versus fewer difficult budget decisions in the future emphasizing the fact that sizeable reserves is the key to making it through the next state economic downturn with minimum disruption to public programs.

In addition to state funding uncertainties, a major concern for all districts continues to be the significant rate increases to the CalSTRS and CalPERS employer pension contribution rates, which are expected to increase to 19% and 25% respectively based upon employee payroll for each of the pension systems, more than doubling the cost of employer contributions by FY 2020-21 for each community college district in California.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Vice Chancellor, Business Services, at Grossmont-Cuyamaca Community College District, 8800 Grossmont College Drive, El Cajon, California 92020-1799.

NOTE 1 – ORGANIZATION

The Grossmont-Cuyamaca Community College District (the District) was established in 1961 as a political subdivision of the State of California and provides post-secondary educational services to residents of the surrounding area. The District operates under a locally elected five member Board of Trustees form of government, which establishes the policies and procedures by which the District operates. The Board must approve the annual budgets for the General Fund, special revenue funds, and capital project funds, but these budgets are managed at the department level. Currently, the District operates two colleges located in El Cajon, California: Grossmont College and Cuyamaca College. While the District is a political subdivision of the State of California, it is not a component unit of the state in accordance with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 39.

Financial Reporting Entity

The District has adopted GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*. This statement amends GASB Statement No. 14, *The Financial Reporting Entity*, to provide additional guidance to determine whether certain organizations, for which the District is not financially accountable, should be reported as component units based on the nature and significance of their relationship with the District.

In evaluating how to define the District for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in generally accepted accounting principles and GASB Statement No. 14 and Statement No. 39. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the Board of Trustee's ability to exercise oversight responsibility. A second criterion used in evaluating potential component units is the scope of public service. A third criterion used to evaluate potential component units is the existence of special financing relationships, regardless of the whether the District is able to exercise oversight responsibilities.

The Grossmont-Cuyamaca Community College Auxiliary Organization (the Auxiliary) is a legally separate, tax exempt organization that is considered a component unit of the District. The Auxiliary receives grant funding for the benefit of the District and the District exercises significant control over the expenditures and operations of the Auxiliary. The Auxiliary is reported as a discretely presented component unit because of the difference in the reporting model. The Auxiliary reports its results of operations under the Not-for-Profit Entities Topic of the Financial Accounting Standards Board (FASB). As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Auxiliary's financial information in the District's financial reporting entity for these differences.

Based upon the application of the criteria listed above, the Foundation for Grossmont and Cuyamaca Colleges, and the Pension Eligible Alternate Retirement Plan (PEAR Plan) have been excluded from the District's entity.

NOTE 1 - ORGANIZATION (continued)

Financial Reporting Entity (continued)

The Foundation is a separate, not-for-profit corporation. Its Board of Directors is appointed independent of any District Board of Trustee appointments. Its Board is responsible for approving their own budgets and accounting and financing related activities.

Separate financial statements for the Auxiliary and the Foundation may be obtained through the District.

Joint Powers Agencies and Public Entity Risk Pools

The District is associated with a joint power agency (JPA). This organization does not meet the criteria for inclusion as component units of the District. The JPA is the Alliance of Schools for Cooperative Insurance Programs (ASCIP).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

GASB released Statement No. 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments" in June 1999, which released Statement No. 35, "Basis Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities," which applies the new reporting standards of GASB Statement No. 34 to public colleges and universities. The GASB then amended those statements in June 2001 with the issuance of GASB Statements No. 37 and No. 38. Grossmont-Cuyamaca Community College District (District) adopted and applied these new standards beginning in 2001-02 as required. In May 2002, the GASB released Statement No. 39, "Determining Whether Certain Organizations Are Component Units," which amends GASB Statement 14, paragraphs 41 and 42, to provide guidance for determining and reporting whether certain organizations are component units. The district adopted and applied this standard for the 2016-17 fiscal year as required.

The District now follows the financial statement presentation required by GASB Statements No. 34, 35, 37, 38 and 39. This presentation provides a comprehensive, entity-wide perspective of the District's assets, cash flows, and replaces the fund-group perspective previously required.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities (BTA). Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. All material intra-agency transactions have been eliminated.

The District records revenues when earned and expenses when a liability is incurred regardless of the timing of the related cash flow. It has also elected to apply all Financial Accounting Standards Board (FASB) pronouncements issued before November 30, 1989, unless FASB conflicts with budgetary and financial accounts of the District are recorded and maintained in accordance with the Chancellor's Office's *Budget and Accounting Manual*.

C. Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the District considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested in the county treasurer's investment pool are considered cash equivalents.

D. Restricted Cash and Cash Equivalents

Restricted cash and cash equivalents are those amounts externally restricted as to use pursuant to the requirements of the District's grants and contracts and amounts.

E. Accounts Receivable

Accounts receivable consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty and staff, many residing in the State of California. Accounts receivable also include amounts due from the federal government, state, and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. The District does not record an allowance for uncollectible accounts. When receivables are determined to be uncollectible, a direct write-off is recorded.

F. Inventories

Inventories, primarily bookstore merchandise, are carried at the lower cost of market using the first-in, first-out ("FIFO") method.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. Capitalized equipment includes all items with a unit cost of \$5,000 or more, and an estimated useful life of greater than one year. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the asset are capitalized. Routine repairs and maintenance are charged as operating expense in the year in which the expense was incurred.

Depreciation of capitalized assets is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 15 years for portable buildings, 10 years for land improvements, 8 years for most equipment and vehicles, and 3 years for technology equipment such as computers.

H. Net Position

The District's Net Position is classified as follows:

- Invested in capital assets, net of related debt This represents the District's total investment in capital assets, net of associated outstanding debt obligations. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component invested in capital assets, net of related debt.
- Restricted net position expendable Restricted expendable net position include resources that the District is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.
- Restricted net position nonexpendable Nonexpendable restricted net position consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.
- Unrestricted net position Unrestricted net position represent resources derived from student tuition and
 fees, state apportionments, and sales and services of educational departments and auxiliary enterprises.
 These resources are used for transactions relating to the educational and general operations of the
 District, and may be used at the discretion of the governing board to meet current expenses for any
 purpose. Although the governing board may designate these funds for special purposes, the funds
 remain unrestricted.

When an expense is incurred that can be paid using either restricted or unrestricted funds, the District's policy is to utilize available restricted resources, followed by unrestricted resources.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. State Apportionments

Certain current year apportionments from the state are based on various financial and statistical information of the previous year. Any prior year corrections due to the recalculation in February of the subsequent year and are recorded in the District's financial records when received.

J. On-Behalf Payments

GASB Statement 24 requires that direct on-behalf payments for firing benefits and salaries made by one entity to a third-party recipient for the employees of another, legally separate entity be recognized as revenue and expenditures by the employer government. The State of California makes direct on-behalf payments for retirement benefits to the State Teachers' and Public Employees' Retirement System on behalf of all Community Colleges in California. However, a fiscal advisory issued by the California Department of Education instructs districts not to record revenue and expenditures for these on-behalf payments.

K. Deferred Revenues

Deferred revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Deferred revenues also include amounts received from grant and contract sponsors that have not yet been earned.

L. Operating Revenues

Operating revenues include all revenues from programmatic sources. Non-operating revenues include state apportionments, state and local tax revenues, investment income and gifts.

M. Classification of Revenues

The District has classified its revenues as either operating or non-operating. Certain significant revenue streams relied upon for operations are recorded as non-operating revenues, as defined by GASB Statement No. 35, including state appropriations, local property taxes and investment income. Revenues are classified per the following criteria:

- Operating Revenues Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, (3) most federal, state and local contracts and federal appropriations, and (4) interest on institutional student loans.
- Non-operating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, most federal, state and local grants, and other revenue sources described in GASB Statement No. 34, such as state appropriations and investment income.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Investments

In accordance with GASB Statement 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, investments are reported at fair value. However, cash in the county treasury and some investments are recorded at cost, which approximates fair value.

O. Restricted Cash and Cash Equivalents

Cash that is externally restricted for contractual obligations such as debt service payments, sinking or reserve funds, or to purchase or construct capital or other non-current assets is classified as a non-current asset in the statement of Net Position.

P. Compensated Absences

Compensated absence costs are accrued when earned by employees. Accumulated unpaid employee vacation benefits are recognized at year-end as liabilities of the District. The District also participates in and accrues "load banking" with eligible academic employees whereby the employee may teach extra courses in one period in exchange for time off in another period.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits for eligible employees when they retire.

Q. Scholarship Discounts and Allowances

Student tuition and fee revenue are reported net of scholarship discounts and allowances in the statement of revenues, expenses and changes in Net Position. Scholarship discounts and allowances represent the difference between stated charges for goods and services provided by the District and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state or nongovernmental programs, are recorded as operating revenues in the district's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the District has recorded a scholarship discount and allowance.

NOTE 3 – CASH AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered state warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies; medium term corporate notes; shares of beneficial interest issued by diversified management companies; certificates of participation; obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury – The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair market value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair market value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

	Maximum	Maximum	Maximum
	Remaining	Percentage of	Investment in
Authorized Investment Type	Maturity	Portfolio	One Issuer
Local Agency Bonds, Notes, Warrants	5 years	15%	5%
Registered State Bonds, Notes, Warrants	5 years	None	None

NOTE 3 – CASH AND INVESTMENTS (CONTINUED)

Authorized Under Debt Agreements

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements rather than the general provisions of the California Government Code. These provisions allow for the acquisition of investment agreements with maturities of up to 30 years.

Summary of Cash and Investments

Cash and investments as of June 30, 2017, consist of the following:

Governmental Funds:	
Cash on hand and in banks	\$ 10,876,190
Cash in fiscal agent	5,517,758
Cash in San Diego County Investment Pool	107,783,447
Total Cash and Investment	\$ 124,177,395
Fiduciary Funds:	
Cash on hand and in banks	\$ 66,671
Investment	712
Cash in San Diego County Invesment Pool	3,131,247
Total Cash and Investment	\$ 3,198,630

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair market value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair market value to changes in market interest rates. The District manages its exposure to interest rate risk by primarily investing in the County Investment Pool and in other investment agreements.

Specific Identification

Information about the sensitivity of the fair market values of the District's investments to market interest rate fluctuations is indicated by the following schedule that shows the distribution of the District's investment by maturity:

	Fair Market	
Investment or Deposit Type	Value	Maturity Date
San Diego County Investment Pool	\$ 107,850,118	366

^{*}Weighted average days to maturity

NOTE 3 – CASH AND INVESTMENTS (CONTINUED)

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the County pool is not required to be rated, nor has it been rated as of June 30, 2017. Presented below is the minimum rating required by the California Government Code, the District's investment policy, or debt agreements, and the actual rating as of the year-end for each investment type.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2017, the District's bank balance of \$9,915,338 was not exposed to custodial credit risk because the first \$250,000 deposited per bank was covered under the FDIC insurance limit, and the remaining balance was collateralized with securities held by the pledging financial institution's trust department or agency.

NOTE 4 – ACCOUNTS RECEIVABLE

Accounts receivable consist of the following at June 30, 2017:

		2017							
		Primary	Fiduciary						
	G	overnment	Funds						
Federal	\$	2,955,011	\$	692,107					
State		4,897,382		-

NOTE 6 – LONG-TERM LIABILITIES (CONTINUED)

Description of Debt

Payments on the general obligation bonds are made by the bond interest and redemption fund with local property tax collections. The General Fund makes payments for the lease revenue bonds, retiree health benefits and the supplemental employee retirement plan. An accrued vacation will be paid by the fund for which the employee worked.

The lease revenue bonds were issued in July 2001 in the amount of \$2,480,000 to provide funds for capital improvements. At June 30, 2017, \$790,000 was outstanding. The lease revenue bonds mature through 2021 with interest rates ranging from 4.0 percent to 5.8 percent.

Original issuance premiums and issuance costs are amortized over the life of the bonds as a component of interest expense on the bonds.

Bonded Debt

The outstanding general obligations bonded debt as of June 30, 2017 is as follows:

		Balance					Balance	D	ue In One
	June 30, 2016		Additions	Ι	Deductions		June 30, 2017		Year
Bonds and Notes Payable			 						
General obligation bonds, Series 2005B	\$	5,644,104	\$ 75,896	\$	2,620,000	\$	3,100,000	\$	1,849,987

Total General Obligation Bonds	\$	263,411,642	\$ 13,077,757	\$	12,850,261	\$	264,599,138	\$	9,794,987

2002 General Obligation Bonds, Series 2005B

During June 2005, the District issued, from the November 2002 election, the General Obligation Bonds, Series B in the amount of \$99,999,923. The bonds issued included \$88,620,000 of current interest bonds and \$11,379,623 of Capital Appreciation bonds. The Capital Appreciation bonds have a maturing principal balance of \$16,115,000. The bonds mature beginning on August 1, 2009 through August 1, 2017, with interest yields ranging from 3.10 percent to 4.31 percent.

NOTE 6 - LONG-TERM LIABILITIES (CONTINUED)

Bonded Debt (continued)

2008 General Obligation Bonds, Refunding Bonds and Series 2008C

During May 2008, the District issued, form the November 2002 election, the General Obligation Bonds, Series C, in the amount of \$52,000,377. The bonds issued included \$52,000,377 in Capital Appreciation Bonds. The Capital Appreciation Bonds have a maturing principal and interest balance of \$154,840,000. The bonds mature beginning on August 1, 2025 through August 1, 2031, with interest yields ranging from 5.06 percent to 6.50 percent.

During May 2008, the District issued 2008 General Obligation Refunding Bonds, in the amount of \$128,765,749. The bonds issued included \$121,115,000 in Current Interest Bonds and \$7,650,749 in Capital Appreciation Bonds. The Capital Appreciation Bonds have a maturing principal and interest balance of \$17,595,000. The bonds mature on August 1, 2008 through August 1, 2024, with interest yields ranging from 1.80 percent to 4.25 percent.

Proceeds from the 2008 General Obligation Refunding Bonds of \$128,768,827 were used to advance refund a portion of the outstanding Series 2003S and Series 2005B bonds. Investments backed by the U.S. government were purchased and placed in an irrevocable trust with an escrow agent. The investments and fixed earnings on the investments are sufficient to fully provide for all future debt service on the refunded bonds, and accordingly the refunding transaction met the criteria for an in-substance defeasance. The liabilities related to the refunded bonds were removed from the District's financial statements for the fiscal year ended June 30, 2008.

2002 General Obligation Bonds, Refunding Bonds and Series 2013A

On August 14, 2013, the District issued, from the November 2002 election, the General Obligation Bonds, Series 2013A and the 2013 Refunding in the amounts of \$80,000,000 and \$5,470,000, respectively. The bonds issued were current interest bonds. The bonds mature beginning on August 1, 2014 through August 1, 2027, with interest yields ranging from .33 percent to 4.29 percent.

The general obligation bonds, Series 2005B, mature through 2018 as follows:

Fiscal Year	Principal	 Interest	Total	
2018	\$ 1,849,987	\$ 1,250,013	\$ 3,100,000	
Accretion	1,250,013	(1,250,013)	 	
Total	\$ 3,100,000	\$ -	\$ 3,100,000	

NOTE 6 – LONG-TERM LIABILITIES (CONTINUED)

Bonded Debt (continued)

The general obligation bonds, Series 2008C and 2008 Refunding, mature through 2032 and 2025, respectively, as follows:

The general obligation bonds, Series 2008C, mature through 2032 as follows:

NOTE 6 – LONG-TERM LIABILITIES (CONTINUED)

Bonded Debt (continued)

Leased Revenue Bonds

The lease revenue bonds, Series 2001A, mature through 2021 as follows:

Fiscal Year	Principal		Interest		Interest		Total	
2018	\$	180,000	\$	48,000	\$	228,000		
2019		190,000		39,500		229,500		
2020		195,000		30,500		225,500		
2021		225,000		-		225,000		
Total	\$	790,000	\$	118,000	\$	908,000		

Supplemental Early Retirement Plans

The District provided a board approved Early Retirement Incentive in 2012. This liability was paid in full during the 2016-17 fiscal year.

Compensated Absences

The District's liability for vested and unpaid compensated absences (accrued vacation) has been accrued and amounts to \$2,636,069.

NOTE 7 – OTHER POSTEMPLOYMENT BENEFITS

The District provides postemployment health care benefits in accordance with District employment contracts to all employees and their eligible dependents who return from the District until attaining age 65 with at least ten years in service. When the retiree attains age 65, all postemployment benefits cease. The District contributes 100 percent of the amount of the benefit premium costs incurred by retirees and their dependents.

Plan Description and Contribution Information

Membership of the plan consisted of the following at November 1, 2015, the date of the latest actuarial valuation:

Eligible Retirees	80
Eligible Active Employees	652
Total	732
Number of participating employers	1

NOTE 7 – OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Funded Status and Funding Progress - OPEB Plans

Actuarial		Accrued	Unfunded	
Valuation	Value of	Liability	AAL	Funded
Date	Assets	(AAL)	(UAAL)	Ratio
11/1/2015	\$ -	\$ 19,534,814	\$ 11,799,383	0%

Actuarial valuations of an ongoing plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedules of funding progress, presented as required supplementary information following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

The accompanying schedules of employer contributions present trend information about the amounts contributed to the plan by the employer in comparison to the ARC, an amount that is actuarially determined in accordance with the parameters of GASB Statement 43. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost for each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designated to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Annual OPEB Cost and Net OPEB

The following table shows the elements of the District's annual OPEB cost for the year, the amount actually paid on behalf of the plan, and changes in the District's net OPEB to the plan for the fiscal year ended June 30, 2017.

Annual required contribution (ARC)	\$ 2,631,274
Initial UAAL Amortization	183,673
Residual UAAL Amortization	 (201,848)
Annual OPEB cost	2,613,099
Contributions made:	-
Pay-as-you-go cost	1,135,511
Total contributions made	 1,135,511
Increase in net OPEB obligation	1,477,588
Net OPEB obligation - July 1, 2016	 5,372,426
Net OPEB obligation - June 30, 2017	\$ 6,850,014

NOTE 8 – RISK MANAGEMENT

Property and Liability

The District is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year ending June 30, 2017, the District contracted with the Alliance of Schools for Cooperative Insurance Programs (ASCIP) Joint Powers Authority (JPA) for property and liability insurance coverage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been significant reduction in coverage from the prior year.

Workers' Compensation

For fiscal year 2016-17, the District participated in the ASCIP JPA, an insurance purchasing pool. The intent of the JPA is to achieve the benefit of reduced premium for the District by virtue of its grouping and representation with other participants in the JPA. The workers' compensation experience of the participating districts is calculated as one experience, and a common premium rate is applied to all districts in the JPA. Each participant pays its workers' compensation premium based on its individual rate. The savings are then calculated and each participant's individual performance is compared to the overall saving. A participant will then either receive money from or be required to contribute to the "equity-pooling fund." This "equity pooling" arrangement ensures that each participant shares equally in the overall performance of the JPA. Participation in the JPA is limited to K-12 and community college districts that can meet the JPA's selection criteria.

NOTE 8 – RISK MANAGEMENT(CONTINUED)

Funded Status and Funding Progress - OPEB Plans (continued)

Participation in Public Entity Risk Pools and JPAs

The District pays annual premiums for its property liability and workers' compensation coverage. The relationship between the District and the JPA is such that it is not a component unit of the District for financial reporting purposes. The JPAs have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, transactions between the JPAs and the District are included in these statements. Audited financial statements are available from the respective entities.

The District's share of year-end assets, liabilities, or fund equity has not been calculated.

NOTE 9 – PENSION PLANS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS), and classified employees are members of the California Public Employees' Retirement System (CalPERS). The District reported its proportionate share of the net pension liabilities, pension expense, deferred outflow of resources, and deferred inflow of resources for each of the above plans as follows:

	N	let pension	Deferred outflows		Deferred inflows			
		liability	relate	ed to pensions	relate	d to pensions	Pens	sion expense
STRS Pension	\$	66,629,046	\$	14,793,640	\$	3,891,362	\$	6,820,575
PERS Pension		39,444,287		11,354,532		5,550,930		2,799,178
Total	\$	106,073,333	\$	26,148,172	\$	9,442,292	\$	9,619,753

California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the California State Teachers' Retirement System (CalSTRS); a cost-sharing multiple employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement and disability benefits and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7919 Folsom Blvd., Sacramento, CA 95826.

NOTE 9 – PENSION PLANS (CONTINUED)

California State Teachers' Retirement System (CalSTRS) (continued)

Benefits provided

The CalSTRS defined benefit plan has two benefit formulas:

CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS

CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS

CalSTRS 2% at 60

CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. The age factor for retirements after age 60 increases with each quarter year of age to 2.4 percent at age 63 or older. Members who have 30 years or more of credited service receive an additional increase of up to 0.2 percent to the age factor, known as the career factor. The maximum benefit with the career factor is 2.4 percent of final compensation.

CalSTRS 2% at 62

CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4 percent at age 65 or older.

Contributions

Active plan CalSTRS 2% at 60 and 2% at 62 members are required to contribute 10.25% and 9.205% of their salary for fiscal year 2017, respectively, and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by CalSTRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2017 was 12.58% of annual payroll. The contribution requirements of the plan members are established by state statute. Contributions to the plan from the District were \$5,707,621 for the year ended June 30, 2017.

On-Behalf Payments

The District was the recipient of on-behalf payments made by the State of California to CalSTRS for K-12 education. These payments consist of state general fund contributions of approximately \$2,683,227 to CalSTRS.

NOTE 9 – PENSION PLANS (CONTINUED)

California State Teachers' Retirement System (CalSTRS) (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net	
pension liability	\$ 66,629,046
•	
State's proportionate share of the net pension	
liability associated with the District	 37,936,313
Total	\$ 104,565,359

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2015, and rolling forward the total pension liability to June 30, 2016. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2016, the District's proportion was 0.082 percent, which was a decrease of 0.00370 from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the District recognized pension expense of \$6,820,575. In addition, the District recognized pension expense and revenue of \$6,768,718 for support provided by the State. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 rred Outflows Resources	Deferred Inflows of Resources			
Differences between projected and					
actual earnings on plan investments	\$ 5,296,976	\$	-		
Differences between expected and					
actual experience	-		1,625,340		
Changes in proportion and differences					
between District contributions and					
proportionate share of contributions	3,789,042		2,266,022		
District contributions subsequent					
to the measurement date	5,707,621		-		
	\$ 14,793,639	\$	3,891,362		
	 ·		· · · · · · · · · · · · · · · · · · ·		

NOTE 9 – PENSION PLANS (CONTINUED)

California State Teachers' Retirement System (CalSTRS) (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

The \$5,707,621 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Deferred Outflows		Defe	rred Inflows
Year Ended June 30,	of	Resources	of	Resources
2018	\$	\$ 873,371		674,303
2019		873,371		674,303
2020		3,836,960		674,303
2021		2,744,510		674,303
2022		757,806		674,303
2023		-		519,847
	\$	9,086,018	\$	3,891,362

Actuarial assumptions

The total pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2015, and rolling forward the total pension liability to June 30, 2016 using the following actuarial assumptions, applied to all periods included in the measurement:

Consumer Price Inflation	3.00%
Investment Yield*	7.60%
Wage Inflation	3.75%

^{*} Net of investment expenses, but gross of administrative expenses.

CalSTRS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are based on RP2000 series tables adjusted to fit CalSTRS experience.

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2006–June 30, 2010.

NOTE 9 – PENSION PLANS (CONTINUED)

California State Teachers' Retirement System (CalSTRS) (continued)

Actuarial Assumptions (continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best-estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance - PCA) as an input to the process. Based on the model from CalSTRS consulting actuary's (Milliman) investment practice, a best estimate range was determined by assuming the portfolio is re-balanced annually and that annual returns are lognormally distributed and independent from year to year to develop expected percentiles for the long-term distribution of annualized returns. The assumed asset allocation by PCA is based on board policy for target asset allocation in effect on February 2, 2012, the date the current experience study was approved by the board. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class for the year ended June 30, 2016 are summarized in the following table:

		Long-Term*
	Assumed Asset	Expected Real
Asset Class	Allocation	Rate of Return
Global Equity	47%	6.30%
Private Equity	13%	9.30%
Real Estate	13%	5.20%
Inflation Sensitive	4%	3.80%
Fixed Income	12%	0.30%
Absolute Return	9%	2.90%
Cash/Liquidity	2%	-1.00%
	100%	

^{* 20-}year geometric average

Discount rate

The discount rate used to measure the total pension liability was 7.60 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increases per AB 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.60 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 9 – PENSION PLANS (CONTINUED)

California State Teachers' Retirement System (CalSTRS) (continued)

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.60 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.60 percent) or 1-percentage-point higher (8.60 percent) than the current rate:

		1%		Current		1%
		Decrease (6.60%)		iscount Rate		Increase
				(7.60%)	(8.60%)	
District's proportionate share of	<u>-</u>					
the net pension liability	\$	95,894,224	\$	66,629,046	\$	42,323,090

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS financial report.

NOTE 9 – PENSION PLANS (CONTINUED)

California Public Employees' Retirement System (CalPERS)

Plan Description

The District contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS); a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Laws. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95811.

Benefits provided

The benefits for the defined benefit plan are based on members' years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years of credited service.

Contributions

Active plan members who entered into the plan prior to January 1, 2013, are required to contribute 7.0% of their salary. The California Public Employees' Pension Reform Act (PEPRA) specifies that new members entering into the plan on or after January 1, 2013, shall pay the higher of fifty percent of normal costs or 6.0% of their salary. Additionally, for new members entering the plan on or after January 1, 2013, the employer is prohibited from paying any of the employee contribution to CalPERS unless the employer payment of the member's contribution is specified in an employment agreement or collective bargaining agreement that expires after January 1, 2013.

The District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2017 was 13.888% of annual payroll. Contributions to the plan from the District were \$3,537,565 for the year ended June 30, 2017.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the District reported a liability of \$39,444,287 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2015, and rolling forward the total pension liability to June 30, 2016. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2016, the District's proportion was 0.200 percent, which was a decrease of 0.00097 percent from its proportion measured as of June 30, 2015.

NOTE 9 – PENSION PLANS (CONTINUED)

California Public Employees' Retirement System (CalPERS) (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

For the year ended June 30, 2017, the District recognized pension expense of \$2,799,178. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 rred Outflows Resources	Deferred Inflow of Resources		
Differences between projected and	 _			
Differences between projected and actual earnings on plan investments	\$ 6,120,485	\$	-	
Differences between expected and				
actual experience	1,696,482		-	
Changes in assumptions	-		1,185,066	
Changes in proportion and differences				
between District contributions and				
proportionate share of contributions	-		4,365,864	
District contributions subsequent				
to the measurement date	3,537,565		-	
	\$ 11,354,532	\$	5,550,930	

The \$3,537,565 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

		erred Inflows Resources
\$ 1,643,527	\$	2,902,631
1,585,511		2,615,960
2,990,536		32,339
1,597,393		-
\$ 7,816,967	\$	5,550,930
of \$	1,585,511 2,990,536 1,597,393	of Resources of \$ 1,643,527 \$ 1,585,511 2,990,536 1,597,393 1,597,393

NOTE 9 – PENSION PLANS (CONTINUED)

California Public Employees' Retirement System (CalPERS) (continued)

Actuarial assumptions

The total pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2015, and rolling forward the total pension liability to June 30, 2016 using the following actuarial assumptions, applied to all periods included in the measurement:

Consumer Price Inflation 2.75%
Investment Yield* 7.65%

Wage Inflation Varies by Entry Age and Service

CalPERS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are derived using CalPERS' membership data for all funds. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB.

The actuarial assumptions used in the June 30, 2015, valuation were based on the results of an actuarial experience study for the period from 1997 to 2011.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. In determining the long-term expected rate of return, both short-term and long-term market return expectations as well as the expected pension fund cash flows were taken into account. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

^{*} Net of investment expenses, but gross of administrative expenses.

NOTE 9 – PENSION PLANS (CONTINUED)

California Public Employees' Retirement System (CalPERS) (continued)

Actuarial assumptions (continued)

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

	Assumed Asset	Real Return	Real Return
Asset Class	Allocation	Years 1-10*	Years 11+**
Global Equity	51%	5.25%	5.71%
Global Debt Securities	20%	0.99%	2.43%
Inflation Assets	6%	0.45%	3.36%
Private Equity	10%	6.83%	6.95%
Real Estate	10%	4.50%	5.13%
Infrastructure and Forestland	2%	4.50%	5.09%
Liquidity	1%	-0.55%	-1.05%
	100%		

^{*} An expected inflation of 2.5% used for this period

Discount rate

The discount rate used to measure the total pension liability was 7.65 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Schools Pool. The results of the crossover testing for the Schools Pool are presented in a detailed report that can be obtained at CalPERS' website.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.65 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.65 percent) or 1-percentage-point higher (8.65 percent) than the current rate:

		1%		Current		1%		
		Decrease		Decrease Discount F				Increase
		(6.65%)		(7.65%)	(8.65%)			
District's proportionate share of								
the net pension liability	\$	58,851,094	\$	39,444,287	\$	23,284,299		

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report.

^{**} An expected inflation of 3.0% used for this period

NOTE 10 - COMMITMENTS AND CONTINGENCIES

Grants

The District receives financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District as of June 30, 2017.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2017.

Construction Commitments

As of June 30, 2017, the District was committed under various capital expenditure purchase agreements for bond and capital outlay projects.

NOTE 11 – RELATED PARTY TRANSACTIONS

The District provides categorical allowances to the Grossmont-Cuyamaca Community College Auxiliary Organization (the Auxiliary) and also receives support from the Auxiliary. During the fiscal year ended June 30, 2017, categorical allowances paid to the Auxiliary totaled \$21,190,807.

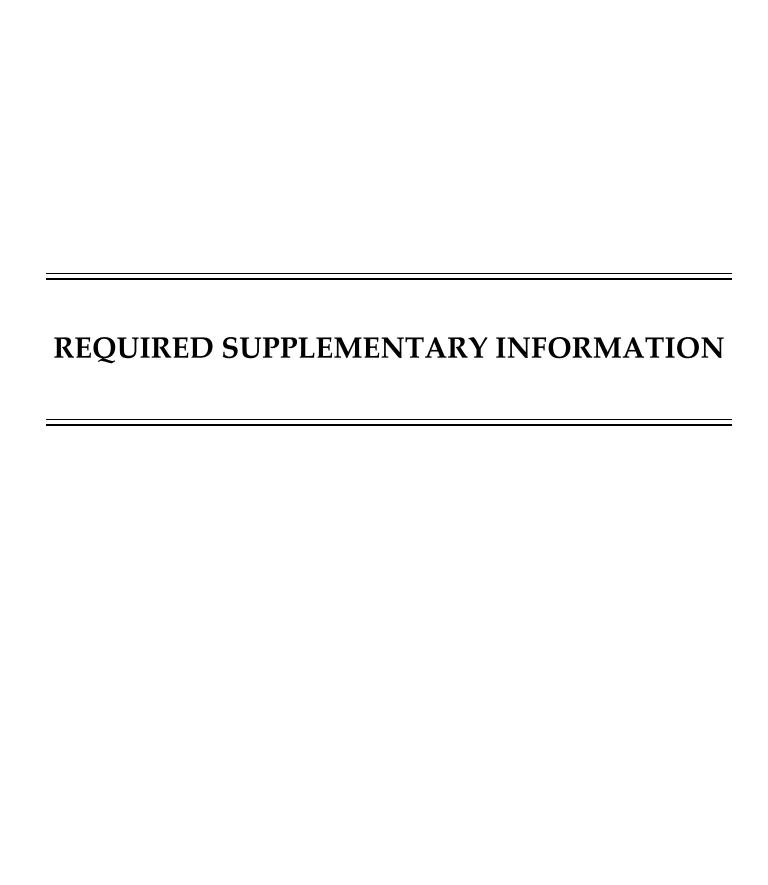

The District receives awards of financial support for various programs and general support from the Foundation for Grossmont and Cuyamaca Colleges in accordance with donor instructions. During the fiscal year ended June 30, 2017, the Foundation for Grossmont and Cuyamaca Colleges provided \$980,395 in scholarships and other aid to the students of Grossmont and Cuyamaca Colleges.

GROSSMONT-CUYAMACA COMMUNITY COLLEGE DISTRICT NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2017

NOTE 1 – PURPOSE OF THE SCHEDULE

A. Schedule of Postemployment Healthcare Benefits Funding Progress

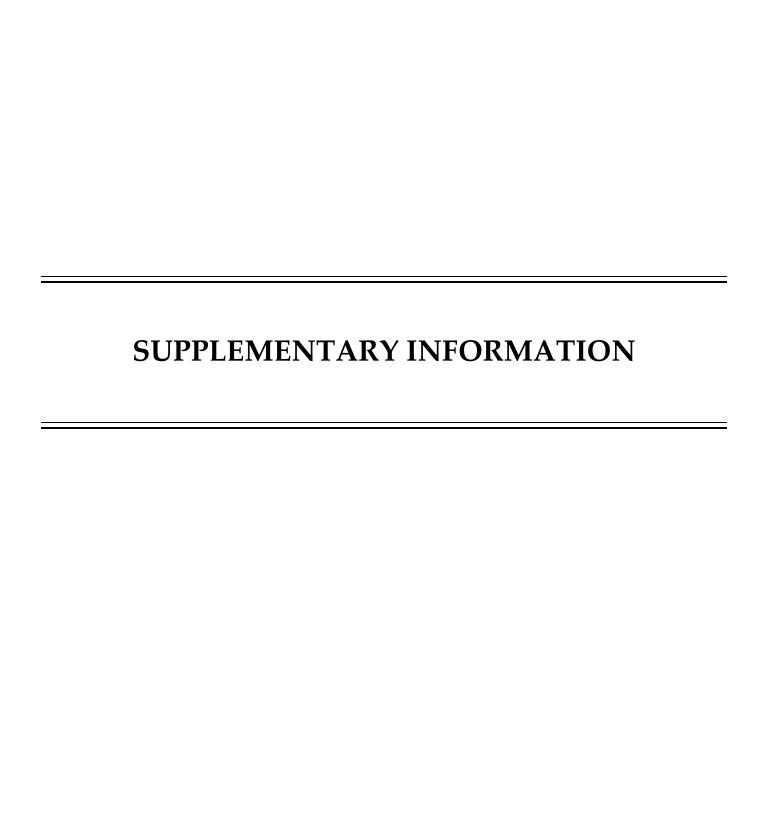

This schedule is prepared to show information for the most recent actuarial valuation and from the three most recent actuarial valuations in accordance with Statement No. 45 of the Governmental Accounting Standards Board, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions.* The schedule is intended to show trends about the funding progress of the District's actuarially determined liability for post-employment benefits other than pensions.

B. Schedule of the District's Proportionate Share of the Net Pension Liability

This 10-year schedule is required by GASB Statement No. 68 for each cost-sharing pension plan. Until a full 10-year trend is compiled, the schedule will only show those years under which GASB Statement No. 68 was applicable. The schedule presents the District's proportion (percentage) of the collective net pension liability, the District's proportionate share (amount) of the collective net pension liability, the District's proportionate share (amount) of the collective net pension liability as a percentage of the employer's covered-employee payroll, and the pension plan's fiduciary net position as a percentage of the total pension liability.

C. Schedule of District Contributions

This 10-year schedule is required by GASB Statement No. 68 for each cost-sharing pension plan. Until a full 10-year trend is compiled, the schedule will only show those years under which GASB Statement No. 68 was applicable. The schedule presents the District's statutorily or contractually required employer contribution, the amount of contributions recognized by the pension plan in relation to the statutorily or contractually required employer contribution and the amount of contributions recognized by the pension plan in relation to the statutorily or contractually required employer contribution, the District's covered-employee payroll, and the amount of contributions recognized by the pension plan in relation to the statutorily required employer contribution as a percentage of the District's covered-employer payroll.

GROSSMONT-CUYAMACA COMMUNITY COLLEGE DISTRICT LOCAL EDUCATIONAL AGENCY ORGANIZATION STRUCTURE JUNE 30, 2017

The Grossmont-Cuyamaca Community College District (the District) is located in the eastern area in San Diego County, California. The District was organized in 1961 with Grossmont College located in El Cajon. In 1978, Cuyamaca College was completed to serve students in the Rancho San Diego area of the District under the laws of the State of California. Both colleges are fully accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges. The District operates under a locally-elected five-member Board form a government. There have been no changes in the District's boundaries during the year.

GOVERNING BOARD

MEMBER	OFFICE	TERM EXPIRES
Bill Garrett	President	December 2020
Edwin Ramon Hiel	Vice President	December 2020
Debbie Justeson	Clerk	December 2018
Greg Barr	Trustee	December 2018
Elena Adams	Trustee	December 2018

DISTRICT ADMINISTRATORS

Cindy L. Miles, Ph.D. *Chancellor*

Nabil Abu-Ghazaleh, Ed.D. *President, Grossmont College*

Julianna Barnes, Ed.D. *President, Cuyamaca College*

Sue Rearic Vice Chancellor - Business Services

GROSSMONT-CUYAMACA COMMUNITY COLLEGE DISTRICT NOTES TO THE SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2017

NOTE 1 – PURPOSE OF THE SCHEDULE

A. Local Education Agency Organization Structure

This schedule provides information about the District's boundaries and schools operated, members of the governing board, and members of the administration.

B. Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of Federal Awards includes the federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of the financial statements

C. Schedule of Expenditures of State Awards

The accompanying schedule of expenditures of State Awards includes the state grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of financial statements.

D. Schedule of Workload Measures for State General Apportionment - Annual/Actual Attendance

Full-Time Equivalent Students (FTES) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to community college districts. This schedule provides information regarding the attendance of students throughout the District.

E. Reconciliation of Annual Financial and Budget Report with Fund Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the fund financial statements.

F. Reconciliation of Governmental Fund Balance Sheets to the Statement of Net Position

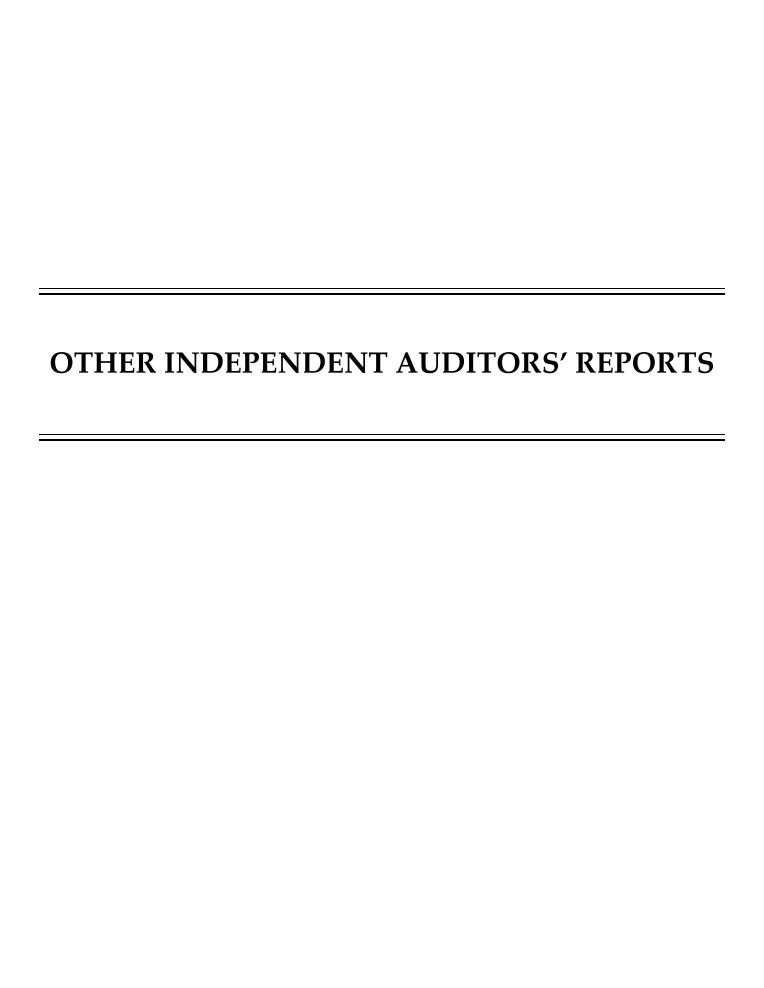

This schedule provides a reconciliation of the adjustments necessary to bring the District's fund financial statements, prepared on a modified accrual basis, to the accrual basis requited under GASB Statement No. 35.

G. Reconciliation of the ECS 84632 (50 Percent Law) Calculation

This schedule reports any audit adjustments made to the reported date to ensure that a minimum of 50 percent of the District's current expense of education is expended for salaries of classroom instructors.

H. Details of the Education Protection Account

This schedule reports the District revenue and expenditure classification of the Proposition 30 Education Protection Account funds.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH **GOVERNMENT AUDITING STANDARDS**

Independent Auditors' Report

Board of Trustees Grossmont-Cuyamaca Community College District El Cajon, California

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Grossmont-Cuyamaca Community College District, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Grossmont-Cuyamaca Community College District's basic financial statements, and have issued our report thereon dated December 18, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of financial statements, we considered Grossmont-Cuyamaca Community College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Grossmont-Cuyamaca Community College District's internal control. Accordingly, we do not express an opinion on the effectiveness of Grossmont-Cuyamaca Community College District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

69

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weakness or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Grossmont-Cuyamaca Community College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY TITLE 2 U.S. CODE OF FEDERAL REGULATIONS (CFR) PART 200, UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS

Independent Auditors' Report

Board of Trustees Grossmont-Cuyamaca Community College District El Cajon, California

Report on Compliance for Each Major Federal Program

We have audited Grossmont-Cuyamaca Community College District's compliance with the types of compliance requirements described in the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, that could have a direct and material effect on each of Grossmont-Cuyamaca Community College District's major federal programs for the year ended on June 30, 2017. Grossmont-Cuyamaca Community College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Grossmont-Cuyamaca Community College District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, *Audits of States, Local Governments, and Non-Profit Organizations*.

Licensed by the California

Those standards and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Grossmont-Cuyamaca Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Grossmont-Cuyamaca Community College District's compliance.

Opinion on Each Major Federal Program

In our opinion, Grossmont-Cuyamaca Community College District complied, in all material respects, with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Grossmont-Cuyamaca Community College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Grossmont-Cuyamaca Community College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Accordingly, this report is not suitable for any other purpose.

REPORT ON STATE COMPLIANCE

Independent Auditors' Report

Board of Trustees Grossmont-Cuyamaca Community College District El Cajon, California

Report on State Compliance

We have audited Grossmont-Cuyamaca Community College District's compliance with the types of compliance requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM)* 2016-17, issued by the California Community Colleges Chancellor's Office for the year ended June 30, 2017.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on Grossmont-Cuyamaca Community College District's compliance with the requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *California Community Colleges Contracted District Audit Manual (CDAM) 2016-17*, issued by the California Community Colleges Chancellor's Office. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about Grossmont-Cuyamaca Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of Grossmont-Cuyamaca Community College District's compliance with those requirements.

Opinion on State Compliance

In our opinion, Grossmont-Cuyamaca Community College District complied, in all material respects, with the types of compliance requirements referred to above that are applicable to the state programs noted in the table below for the year ended June 30, 2017.

State Board of Accountance

Procedures Performed

In connection with the audit referred to above, we selected and tested transactions and records to determine Grossmont-Cuyamaca Community College District's compliance with the state laws and regulations applicable to the following items:

Section 421 – Salaries of Classroom Instructors (50 Percent Law)

Section 423 - Apportionment for Instructional Service Agreements/Contracts

Section 424 - State General Apportionment Funding System

Section 425 - Residency Determination for Credit Courses

Section 426 - Students Actively Enrolled

Section 427 - Concurrent Enrollment of K-12 Students in Community College Credit Courses

Section 429 – Student Success and Support Program (SSSP)

Section 430 – Scheduled Maintenance Program

Section 431 - Gann Limit Calculation

Section 435 - Open Enrollment

Section 438 - Student Fees - Health Fees and Use of Health Fee Funds

Section 439 – Proposition 39 Clean Energy

Section 440 - Intercession Extension Program

Section 474 - Extended Opportunity Programs and Services (EOPS) and Cooperative Agencies Resources for Education (CARE)

Section 475 - Disabled Student Programs and Services (DSPS)

Section 479 - To Be Arranged Hours (TBA)

Christy White Ossociates

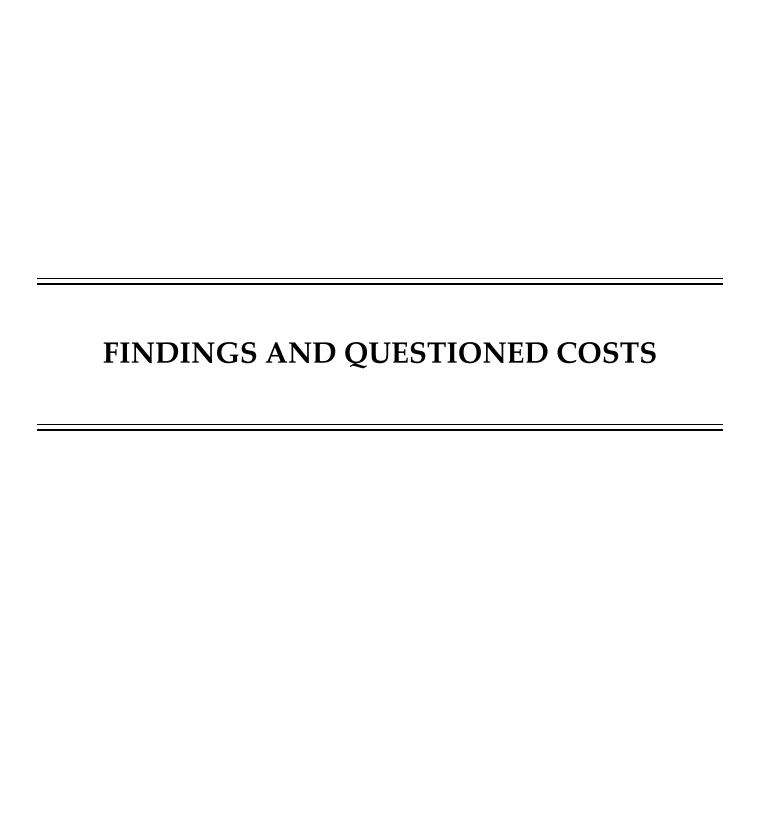

Section 490 - Proposition 1D State Bond Funded Projects

Section 491- Proposition 30 Education Protection Account Funds

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing over state laws and regulations based on the requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM)* 2016-17. Accordingly, this report is not suitable for any other purpose.
